## Coupon Policy

- Only 1 manufacturer's coupon may be redeemed per item; No substitutions are allowed.
- The exact item stated on the coupon must be purchased in order to redeem the coupon.
- Coupons cannot be redeemed after the expiration date stated on the coupon.
- The total redemption value of the coupon may not exceed the retail value of the item purchased.
- Any coupons for "free" products will be honored for the value of the item only. "Free" coupons cannot be doubled or tripled.
- Printed Manufacturer coupons may be redeemed on damaged or discontinued merchandise that has been reduced. Digital Coupons are excluded.
- Smartsources coupons cannot be doubled or tripled.
- Product specific Checkout Coupons cannot be doubled or tripled.
- Product specific Checkout Coupons cannot be used with any other manufacturers' coupons for the same item.
- Non-product specific store Checkout Coupons can be used with another manufacturers' coupon. For example: a customer may use a coupon for "50¢ off any Produce item" and a manufacturers' coupon on the same item.

### Digital Coupon Policy

- Customers who choose to participate in the Digital Coupon program are required to have an on-line account with a valid, active Giant Card.
- After digital coupons are loaded, they will automatically be applied to a Customer's total purchase prior to paper coupons or any other discounts, as long as the qualifying product(s) are purchased using the same Giant Card the coupons were loaded to.
- Digital coupons cannot be added back or removed once the Giant Card has been scanned.
- Digital coupons have an expiration date that is communicated on the website.
- Digital coupons will not double or triple.
- Digital coupons can only be loaded and redeemed one time per household.
- Digital coupons cannot be combined with Manufacturer's paper coupons on the purchase of the same item.
- If more than one digital coupon is loaded for the same product, the best value will be redeemed at checkout.
- We do not accept coupons presented via a mobile phone or device.

- Digital coupons cannot be used on Pick-up or Peapod orders.

## **Double Coupon Policy**

- We double the savings marked on manufacturers' cents-off coupons up to 99¢. Any coupon \$1 and over will be redeemed at face value of the item purchased. In cases where the double coupon total exceeds the value of the item, the offer is limited to the retail price. Lottery tickets, cigarettes, tax and items prohibited by law are excluded.
- You may double a maximum of 4 identical manufacturers' coupons. For example: if a customer purchased five boxes of Cheerios and presented 5 manufacturers' coupons for 50¢, the first four coupons would be doubled to \$1. The fifth coupon would only be redeemed for 50¢.
- Up to an additional 12 identical manufacturers' coupons/items will be redeemed at face value for a total of 16 identical manufacturers' coupons.

## **Competitor's Coupons**

- Giant will continue to accept competitor's coupons, with the exception of coupons for Club Stores (BJ's, Costco and Sam's), for products, provided the customer has met the purchase requirements as stated on the face of the coupon. We do not honor manufacturer's coupons that state that they are only redeemable at a specific retailer. Also, if a competitor coupon is for an item that does not indicate a size, we will only match it for an item size that both Giant and the competitor carry. We do not honor point promotions or continuity programs.

## **Internet Coupons**

- We do accept Internet coupons unless we are notified of fraudulent activity involving specific Internet coupons.

## **Coupons on gift card purchases**

- Giant Food does not accept coupons of any type for the purchase of gift cards.

\*We reserve the right to limit quantities.
